

**CLEANER
INNOVATION**

AdeGRAFF

ECO-WASH

FEATURES

- High efficiency
- Low consumption, extended lifespan
- Large spectre d'applications
- Fast drying swithout résidue, discolouration nor alteration
- Immediate efficiency on all smooth surfaces and on all types of graffitis
- Stable, not classified ADEFY solution, easily biodegradable and reusable
- Ready for use

STRONG POINTS

- No CMR, no toxicity
- No overpowering odor
- Not flammable, not irritating,
- Stable and safe throughout its life cycle (use, storage and destruction)
- No caustic nor harmful product, terpene-free, surfactant-free

IMMEDIATE EFFECTS ON

- All graffitis
 - Aerosols and permanent markers
 - Inks
 - Glues
 - Etc
-
- All metals (aluminium included)
 - Plastics
 - tiles
 - Etc

ALTERNATIVE TO

- Naphtha
- Xylene
- Toluene
- Benzene
- Terpene
- Chlorine

PROPERTIES

Aspect	Fluid
Colour	colourless to light yellow
Odor	Very faint
20°C vapor pressure	< 10 Pa
Flash point	> 90°C
Relative density	1060 - 1080 kg/m³ (20°C)
VOC according to directive 2010/75/UE	0 %

CONDITIONING

Drum	20 L
Barrel	200 L
Container	1000 L
Other on inquiry	-

ADAPTED TO

- Construction
- Printing
- Collectivities/local authorities
(urban properties, traffic signs, phone
booths, bus shelters...)
