

**CLEANER  
INNOVATION**

**AdeCLEAN**

ECO-DEGREASER

## FEATURES

- High efficiency
- Low consumption, extended lifespan
- Powerful and precise cleaning, without rinsing
- Rapid blow-drying with no deposit nor residue
- Use in concentration (in water) from 3 to 30 %
- Stable, not classified ADEFY solution, easily biodegradable and reusable
- 100% plant-based, ready for use

## STRONG POINTS

- Made from renewable raw material with 100% natural plant origins
- Petroleum solvent-free, terpene-free
- No overpowering odor
- Does not cause any vapor release
- Safe and stable in use, storage and disposal
- EPA and OSHA Compliant - SNAP Approved

## OPTIMAL EFFECTIVENESS

- Surface treatment before painting
- Cleaning/maintaining of materials
- Degreasing of parts
- Degreasing before painting
- etc.

## OPTIMIZED FOR CLEANING

- In degreasing fountain (Lifetime of 6 to 18 months in heated bath, without addition of consumable )
- By spraying
- By manual use

## TECHNICAL

Aspect	<b>Fluid</b>
Colour	<b>Yellow to amber</b>
Odor	<b>Faint</b>
20°C vapor pressure	<b>NC</b>
Flash point	<b>None</b>
Relative density	<b>1020 kg/m3 (20°C)</b>
VOC according to Directive 2010/75/UE	<b>0 %</b>
Solubility in fresh, hard, saline water	<b>100 %</b>

## CONDITIONING

Kit of 4 drums	<b>4 x 5 L</b>
----------------	----------------

## ADAPTED TO

- Industrial maintenance
- Aeronautical maintenance
- Preparation & treatment of surfaces
- Leather
- Nautical maintenance
- Electronics
- Automobile
- Local authorities
- etc.
